Harlequin®
 MANUFACTURING FOR TOMORROW

DIESEL TANKS RANGE

Harlequin range of Bunded Diesel Dispensing Tanks are manufactured to exceed the most demanding technical, environmental and regulatory requirements. The range includes fuel stations and fuel points from 1300 to 9250 litres.

Fuel Stations are high specification diesel tanks offering a quick and easy, safe and secure on-site fuel storage solution for smaller commercial, industrial and agricultural requirements.

Fuel Points are straightforward diesel storage and dispensing systems featuring the same high-quality mouldings and materials as fuel stations best suited for farms, haulage & businesses.
